### NEW VESPA 946 SNAKE 125 LIMITED EDITION

#### WORLDWIDE EXPORT POSSIBLE

Color: Beige Azzurro Blue

#### OPTIONS:

The Vespa 946 Snake is a unique reinterpretation of the iconic model that embodies the essence of winter. This numbered and limited edition—888 pieces—is inspired by the lunar calendar and captures the essence of this majestic creature, which invites us to live boldly and push boundaries.

The Vespa 946 Snake is a masterpiece of Italian craftsmanship, reinterpreting the most iconic elements of the MP6, the first prototype of what would become one of the world's most beloved and iconic models, in a contemporary form. The bold spirit of the Vespa 946 Snake perfectly complements the sophisticated technical and traditional features of this prestigious Vespa.

<sup>1</sup> The information is provided in accordance with the Car Energy Labeling Ordinance. The specified values were determined according to the prescribed measurement procedure WLTP (Worldwide harmonised Light-duty vehicles Test Procedures).

The fuel consumption and CO<sub>2</sub> emissions of a car depend not only on the efficient use of fuel by the car, but also on driving style and other non-technical factors. CO<sub>2</sub> is the greenhouse gas primarily responsible for global warming.

A guide on the fuel consumption and CO<sub>2</sub> emissions of all new car models offered in Germany can be viewed free of charge at every sales location in Germany where new cars are exhibited or offered. The guide is also available here: <https://www.dat.de/co2/>

Only the CO<sub>2</sub> emissions caused by the operation of the car are stated. CO<sub>2</sub> emissions that arise or are avoided through the production and provision of the car as well as the fuel or energy sources are not taken into account when determining CO<sub>2</sub> emissions according to WLTP.

<sup>2</sup> For electric vehicles and hydrogen-powered fuel cell vehicles, a tax exemption is granted for ten years from the day of first registration upon first registration between May 18, 2011 and December 31, 2025, but no later than December 31, 2030.
